Kings of the Jungle...

West Boylston Middle School Washington, D.C. Trip November 1999 with Capital Tours

From ABC's to Shakespeare, swing sets to cell phones, and peanut butter and jelly to pasta day, the class of 2004 has been together. Time has turned into memories, and the future is bright. The people we've known and the experiences we've had here can never be replaced.

The many years we've spent in West Boylston will always remain in our hearts as an important stepping stone. As we walk away from high school, and onto bigger things, we will be sure to turn and look back at the jungle that has made us who we are...

"I can do all things through Christ which strengtheneth me." Philippians 4:13

I want to tell them what I know,/ But I do not have the words,/ To share with them the truth/ I found in You./ How can I make them understand/ The love You have for me?/ Will they ever comprehend/ Your grace and Your mercy?/ That One loved so much/ To die for You and me./ I want to tell them the sacrifice/ You made so I would live;/ Endured the pain and suffering,/ You loved so much to freely forgive./ I desire that they too/ Can know This caring One./ Just to put a simple trust/ In Jesus, God's only Son./ To tell of the hope they'll have/ After trusting You./ The comfort and the joy/ If they only knew./ He will love you now and forever,/ And hope will fill your days./ He'll give you a reason worth living for,/ And constantly amaze.

I cannot thank God enough for how He has worked in my life through friends, teachers, and family! Thank you everyone, for being there for me, through the tough as well as the joyous moments! Memories, hopes, and dreams will fade away quickly, but I look to Jesus, my Salvation, who is always there!

Well what to say- High School has been like a roller coaster, the anxious and interesting onset, some spins through the middle, and a steady decline looking, forward to the next ride at the end. A variety of fun and interesting experiences have occurred over the past four years. Vin, Joe, and Adam, the early days of roaming about the neighborhood....fun times. A couple of crazy dances along the way. Adam, Joe, and Justin, too many good times to ever mention them all, and surely there's more to come. Andy, there's no turning back now. Many lazy summer days up at Hampton. Ritchie, the staircase with Mr. Taliban.....plenty of laughter every time. Tunneling back from Bull Rock. Those crazy bushes, and would you like some worms? Andy, Ben, Pete, and Jim, I cant leave out the fishing trips. The Vineyard. Go home Ritchie!!!! The Mountain. Ted, we cant forget Fall Guy. Some experiences are unexpected and abrupt, but well worth them. Last Year of baseball with Mr. Smith and crew, lets have some fun and make the most of it.....Watermelon! I would like to thank my parents for allowing me to have the amount of freedom that a kid needs.

"Why do they call them fingers if they don't fing. Oh, there they go" - Otto

Oh yeah... its time to get out of this joint. Its been a long four years, but had some good times. Can't talk about most of them so I'll make this short and to the point. Football has been the highlight of my time here. I've really seen this team grow over time. Playing hoops was fun too. Had some good games at the courts. Enjoyed walking away with people's money on Sundays, especially that time Jack threw a temper tantrum. Hanna man keep coming up with those one-liners. John keep matching those hats. Practice those dunks Pucko. Keep free-styling Cleary. No excuses Rotti. Keep it real Kyle, I mean Lebron. If I didn't mention you it's because I'm an idiot and forgot you...my bad. There's just one message that I would like to convey to everyone. It's that "Smoking kills, and if you're killed, you've lost a very important part of your life." Think about it .....well have you thought about it yet? Then start thinking about it. I'm just joshing you. Just killing year book space now. Dum dee dum dum; taking up more space :(Hopefully I'll be able to catch up with everyone during the summers. Peace!!!

Well it's finally over! Throughout these past four years my mom and dad have always been there for me, especially though the bad times. I just want to say "thank you" for always pushing me to be my best. I also wanted to say thanks to Alexa and Erika who also had to put up with me over the years. To Jessica my bestfriend, who has stuck with me through everything. We have done everything together and had so many good times. From Maine to Pennsylvania to Arizona we have been through it all. To my Bob we have had so many good times and just as many bad. Like singing in the car, squishing frogs and visiting me at work. To Joellen we have gotten really close this past year, always remember downtown in the jeep, and spending all night with those boys. To Nicole always remember Boston and middle school basketball. My soccer buddy forever, Lisa!! Lori, fun times back in freshman/sophomore year. Last but not least Justin we have been though everything together and no matter what you will always be my best friend. Well WB this is it! Good luck and have fun!!

I've spent the majority of my life among you all, but that reality is made foggy by the fact that for the past two I've been elsewhere. I'm sorry I wasn't there. I was there in kindergarten playing in a milk carton igloo with you. In first grade I was on the swings with you. In Mrs. Ivans class drawing crab apples and delivering the mail. In third grade spitting out those times tables as fast as we could. In fourth grade getting candy from Mrs. Miller and writing our first essays with Mrs. Childs. In fifth grade, our last at Major Edwards, selling pencils and collecting money for the school bank. At Edwards I was with you in Minstrels and C. In Sixth grade we were failing spelling tests together. In seventh grade we broke things with Mr. Palmer. I remember Washington with you all. Together in our first high school classes, and saying goodbye to you all who were with me so long. You have all shaped who I am today. Thanks for a lifetime of memories. I love you Kowey and Tiffy Tiff Tiff. HUGS as always and all my love. Good luck in the world everyone.

An Open Letter to myself, Matt Namin:
Well, Matt, you've just finished 12 years of schooling. What next? I suppose college right? If you're reading this when you're 30, you should already have wealth, beautiful wife (/ wives), and maybe kids. If not you've utterly wasted our time at school and cash for college. In the future I also expect the following: hovercrafts (not going walking around like a chump anymore), "cloned me's", cooler hats, more rednecks, more vulgar words, clowns lining the streets (and/or hoverstreets), and last but not least, paper clothing. Never forget the stupendosity of procrastination. Example: this letter was completed at 2:30am, 5 days late. Here are some people (in convenient alphabetical order) you better remember from high school or I'll eat your soul. **Keith Amelin:** so many enjoyable non-planned nights of nothingness. **Kevin Bjorklund**: Myrtle Beach! Golf cart, Camcorder, walking the strip. **Bridget Bohnson**: Best-Friend-Bridget, complete with dance. **Andrew Farwell**: The Abyss, his unattainable lady. **Jane Fishbein**: awesome tire swing, talking in class. **Mister Dan Forde:** simply a crazy man. **Travis Hunt:** Drama classes. **Adam Nichols**: [Insert Name]'s Mom! **Jordan Smith:** Profundity, Brow? Profuse, Indeed, FHAJ! **Steve Walker**: play-comps, Buffalo chicken, assorted craziness—200th word: Antidisestablishmentarianism.

Well, if you're reading this, then we got out yearbooks, and school is almost over... which means I'll be moving to MAINE...forever! When I wasn't up there, I was here with you people, and there isn't anywhere else I would want to be... besides in Hawaii... rolling in a pile of money... with hula dancers and such. Anyway, there are a lot of you, but the ones that I have known all through High School and earlier, (Adam, Andrew, Dan, Jane, all the Jeff's, Big Keith, lil' Keith, Karly, Laurie, Lila, Matt, Sara, Steve, Tom and Travis), are just awesome. I remember so many good times. I am in debt to you guys, and will remember you all forever. For the people I haven't known for a long time or forgot, you know I mean well... just uhhh write your name and a little stuff that went down between us right here "_____, who is now somewhat important, _____ _____"

Phew. That was close... you were almost left out there. What a pity is would have been. Also, thank you to my family, teachers, and other adults that have helped me (or pushed me when necessary) through life. I'll repay the favor by pushing you along while you sit in your wheelchair in a few years. Seriously: Thank you everyone, and good luck.

"Expose yourself to your deepest fear: after that fear has no power, and the fear of freedom shrinks and vanishes. You are free." - Jim Morrison

"The most important kind of freedom is to be what you really are. You trade in your reality for a role. You trade in your sense for an act. You give up your ability to feel, and in exchange, put on a mask. There can't be any large-scale revolution until there's a personal revolution, on and individual level. It's got to happen inside first. You can take away a man's political freedom and you won't hurt him- unless you take away his freedom to feel. That can destroy him. That kind of freedom can't be granted. Nobody can win it for you." – Jim Morrison

Seniors!!!! It's going to be weird to go somewhere and not know 99% of the people in the room. In a way it will be a good thing but I will never forget the fun of growing up in a town where everyone knows your name, which in my case was no easy task. First I would like to thank my parents for helping me through this experience. You guys deserve just as much credit for my success as I do. I would also like to thank Raffi for always being there to take my mind off of school. There are too many people to name them all but if you are still reading this you were either a friend of mine or you are just really bored. If you are bored, don't expect me to entertain you! Bri, Ted, Ben- billions of jokes, making the movies, D6 and other lunch table antics, spud gun. Steve, Matt, Danny- French class, lunch table, just hanging out. No more room so here comes everyone's favorite year book maneuver, "THE LIST OF FRIENDS": Josh, Joe, Vin, Evan, Dan-C., Angela, Jess, Sara, Fasha, Jordan, Dana, Tim, Craig, Charles. The Basketball team. Good Luck Class of 2004 and God bless.

First and foremost, I would like to thank God for helping me through all my troubled times. I also want to thank my mom, my guardian angel, for her guidance and love. I owe thanks to my dad who gave me much needed advice about my future. I give my stepmom special thanks and appreciation for her never-ending patience and support. I cannot possibly express my gratitude for my brother, Anthony, and my sisters, Adina and Giuliana. My brother Anthony has been true friend and advice-giver. My sister Adina has always been the person to cheer me up with her jovial and enthusiastic personality. My sister Giuliana has been the light of my life, she brings me so much joy. I would also like to thank my grammy Antonetta for all her advice and wisdom. I love my family and am grateful for their presence in my life. I would also like to thank Mr. Silva for his valuable life lessons, I greatly appreciate them. I also owe thanks to Mr. Gustafson who has made me a more motivated and hardworking person. I want to thank my friends for all the fun times we had together. Gracias a mi clase de espanol por todos los tiempos divertidos. I wish everyone the best of luck in the future!

So, High School has come and gone. We're all a little older, we're all a little wiser. Fun times were had by all. It definitely would not have been as fun if I didn't have such a great group of friends to share it with. Thanks Dan Forde (Moose Police, Coffee House, New Hampshire Trip, "ya got any gum?"), Jordan Smith (BUFFALO CHICKEN!), Brian Wall (Virginia Beach, Dumb and Dumber Tuxedos), Onnig Terzian (GOOOOSE!), Ted Lehman (Pearl Jam, thanks for waking me up in French Class…Sorry Madame Caruso), Ben Welch (Blue Jeans pizza!), Sam Welch and Shumway (PIZZA HUT RUN!), Matt Kelley (NH Driving), Matt Namin (Matsui, Play Comps!!!), Angela (WHATEVA!), And who could forget our little Boston trip (11/10/03). Hi I am Kyle Wilson. My High school career was very fun and exciting experience. While I was at West Boylston High School I played JV baseball as a freshman, Tennis as a junior and senior and was apart of DECA both as a junior and senior. While I was at West Boylston I made a lot of new friends and did a lot of cool things. My favorite class was gym class in which as a senior we played a lot of wiffle ball and jail ball. I also took a lot of business classes like marketing, business management, and one other one. I also took a lot of shop classes where we made a lot of neat stuff. We made things out of wood like putters, CD racks, and bird houses along with a remote control car and a couple of robots. Another class I took was visual communications class which was neat because we went on a lot of walks and took a ton of photographs with the digital cameras. As a whole my high school career wasn't all that bad and I am really looking forward to the future and what lies ahead of me in life.

TOADS

The goal of **T**eens **O**rganized **A**gainst **D**rugs is to provide a support group for students not involved in substance abuse. In addition, by our example, we hope to slowly and patiently draw those who are using drugs/alcohol into our organization. Our members are therefore required to be drug/alcohol free for only the last three months. It is not our intention to isolate ourselves from the rest of the school population, but instead to display the fact that we can have fun and confront our problems without resorting to drugs. Each member must sign a contract stating that they are currently, and have been for at least three months, free from drugs and alcohol. No student may continue membership if he/she invalidates his/her contract. The TOADS will initiate, plan and participate in social activities, civic activities, and discussion groups throughout each school year. Our annual seatbelt survey showed 75% of students wearing seat belts in June and 78% wearing seatbelts in September, just short of the 79% goal which is the national average.

The current members of T.O.A.D.S are: Thomas Ahern, Sara Amaral, Anne Barnard, Caryn Benoit, Kayla Bohnson, Joe Carlson, Ariana Chestna, Nicole Cincotta, Amanda Clark, Jill Crete, Laurie Deitemeyer, Brian Demers, Amanda Douglas, Ben Fancy, Nicki Farraj, Deanna Garceau, Erin Garvey (President), Brian Gaskins, Doug Gillum, Maria Giobellina, Lauren Goodale, Lisa Hoffmann, Tom Hudson, Crystal Johnson, Heidi Lukas, Alissa Merchant, Jessica Martunas, Megan Menard, Kelli Mileski, Michael Miller, Alaina Moorefield, Sam Mullen, Adam Nichols, Jessica Norton (Treasurer), Lucas Norton, Cara Noyes (Vice President), Kerri O'Neil, Jon Page, Natalie Parslow, Jackie Pelligrino, Lauren Raymond (Secretary), Janna Rayworth, Sara Rayworth, Ashley Reid, Jeff Riopel, Ryan Rosiello, Nicole Rosko, Nicolette Sacco, Deidre Schelin, Sarah Shyllberg, Emily Swakopf, Raffi Terzian, Samantha Thunberg, Brian Tinger, Colleen Wall, Ben Welch, Hannah Wiberg, Erin Wood, and Kim Zalatan.

National Honor Society

A grade point average of 4.0 is required for consideration. Students are notified of eligibility for National Honor Society, apply, and are then selected by the Faculty Selection Committee. The selection procedures require that excellence be exhibited in all of the following criteria:

Character- A student's character is determined by his or her demonstration of respect, responsibility, trustworthiness, fairness, caring and citizenship. The student who consistently exeplifies these qualities of behavior is a strong candidate for membership.

Leadership- The demonstration of leadership is necessary for membership selection. A student's leadership capabilities can be judged through offices a student has held in school or community organizations, a student's ability to exercise a position of influence on peers, or the student's ability to contribute ideas to improve the school and community.

Service- Service is considered to be those actions undertaken by the student which are done with or on behalf of others without any direct financial or material compensation to the individual, such as volunteer work in one's church or outside organization. The contributions the candidate has made to his or her school, classmates, as well as to his or her community are all considered.

Scholarship- A student must recieve a cumulative average of 4.0 to qualify for membership in NHS. Once a student has met that standard, the process of membership selection can begin.

Peer Counseling

Peer Counseling is a popular class in the high school for Juniors and Seniors. It's main objective is to better the social interaction between students in the middle school and the high school. Each year they attend conferences, run a Big-brother Big-sister program and the inspiring event of Challenge Day. Senior Will

This is the final will and testament of the Class of 2004. Here is what they wish to leave behind...

Kyle Acomb leaves his parents...alone.

Jennalee Anderson leaves her alarm clock to her sister Alaina so she can get to school on time without her. She also leaves "F-I" to Megan Beaupre and Amanda Shusta!

Nicole Attella leaves the stage to her sister Meaghan and to all of the students that will grace it once she's gone

Alex Bartholomew leaves his only red card in varsity soccer history to his brother because he doesn't want it. He also leaves his four years of grueling English to the poor soul yet to take it, including his sister, and to everyone else he leaves the obsessive and psychotic game of jailball.

Evan Beauvais leaves a real basketball to Matt Dzieczek.

Tim Benson leaves his baseball hat to the baseball team so they will continue to win after he leaves.

Amanda Bilton leaves her premier album of JTnMe to the Amanda Fan Club and her enthusiasm to the Bible Study—keep it going!

This letter was written to Mark's friends inviting them to skate on his backyard skating rink... 11/15/1994.

The 1994-95 hockey season is about to begin. The West Boylston Arena at 304 Goodale Street has been enlarged (again) thanks to Walter Rotti and his bulldozer. This year the rink is 65 feet by 85 feet. A locker room has been added for your convenience. It can also be used to keep warm during "snack time outs".

The games will begin as soon as the temperature allows. For your personal safety you will need a helmet, hockey gloves, and shin pads. The lights will enable us to play after supper but only if your homework is completed. We are fortunate to have many NHL stars returning to play for the West Boylston Bruins. The list includes...

Mark "Iafrate" Sinibaldi	Ben "Bure" Welch	Dan "Gretzky" Cobill
Tim "Lemieux" Benson	Mickey "Oates" Pucko	Ted "Lafontaine" Lehman
Matt "Jagr" Derrah	Joe "Juneau" Rotti	Evan "The Cat" Polakowski
Keith "Gilmore" Benoit	Jim " Bourque" Mayshar	Dana "Federov" Shusta

Good Luck to each of you in your future professional career... it won't be in hockey!!!! It is a good thing that you did your homework first.

Kyle Acomb
